

Town of Rehobeth

As of June 8, 2016 the Town of Rehobeth will be enforcing the police jurisdiction (PJ) for all Business License and Building Permits. You will find a link below to a map that shows where our PJ is (inside red line). The cost of business license and building permits are half for the PJ (plumbing, electric, gas and HVAC are still \$50.00). Please call the town hall if you have any questions at 334-671-5829.

Contractors:

In order to obtain a building permit you must present a current town of Rehobeth business license, a copy of your state of AL contractor's license, a copy of your building plans, a copy of the deed, and a copy of the perk test. We will need the emergency 911 address and you will need to fill out a subcontractors list with addresses and phone numbers. You will find a link below with all the forms needed to apply for a building permit. It is **MANDATORY** that all new structures meet the requirements of the State of Alabama Energy Code, which became effective October 1, 2012. See link below for information pack on How to Pass an Energy Conservation Inspection.

Electrical Permit:

In order to obtain an electrical permit you must present a current town of Rehobeth business license and a current state of Alabama electrical license. You will find a link below for the electrical permit application.

Plumbing Permit:

In order to obtain a plumbing permit you must present a current town of Rehobeth business license and a current state of Alabama plumbing license. You will find a link below for the plumbing permit application.

HVAC Permit:

In order to obtain an HVAC permit you must present a current town of Rehobeth business license and a current state of Alabama HVAC license. You will find a link below for the HVAC permit application.
